hint o' Blyth were chim - ley's fower The - ey framed the view an
top o the each white rif - ting clood Te - e guide us hyem wher' -
joined the - e thrang doon o' at Sleek - burn, E - ex - plo - sions caaled death
var - ni - gh oot o - o gas an oil Will't be raas and raas o'

hint o - o Blyth we - ere chim - leys fower The - ey framed the view an
top o - o each whi - ite rif - ting clood Te - e guide us hyem wher' -
joined the - e thrang doo - oon at Sleek - burn E - ex - plo - sions caaled death
var - ni - gh oot o - o gas an oil Will't be raas and raas o'

6

set the scene A gi - ant's girn wi gaps a - tween
ere we'd be Frae Tyne to Tweed far oot te sea
knells at noon Fower chim - leys slow ly cop - pled doon
Win - dy Mills A - lang wor shores and up wor hills?

set the scene A gi - ant's girn wi gaps a - tween
ere we'd be Frae Tyne to Tweed far oot te sea
knells at noon Fower chim - leys slow ly cop - pled doon
Win - dy Mills A - lang wor shores and up wor hills?

Be But low them mi - ckle tur - bines spun Their
 But times they er change, wor they Pol - mines catch lu - tion gone eye free
 Nee Per - lang aps - needs de must they Pol - lu - tion eye free
 We've Te

3

fuel the coal wor mi - ners won Fro - om near - by pits and
 coals te mek yon tur - bines won The - ey said - te Cam/bois "Ye
 wide blue yon - ders that for a torn sky sea Yet some - how Ah miss bairns them,
 cut the gas that warms the sea But what's left wor bairns in

3

fuel the coal wor mi - ners wo - on Fro - om near - by pits and
 coals te mek yon tur - bines to - orn The - ey said - te Cam/bois "Ye
 wide blue yon - ders that for a sky - y Yet some - how Ah miss bairns them
 cut the gas that warms the sea - ea But what's left wor bairns in

fuel the coal wor mi - ners won From near - by pits and
 coals te mek yon tur - bines torn They said - te Cam/bois "Ye
 wide blue yon - ders that for a sky sea Some Some - how Ah miss bairns them
 cut the gas that warms the sea But/what's left wor bairns in

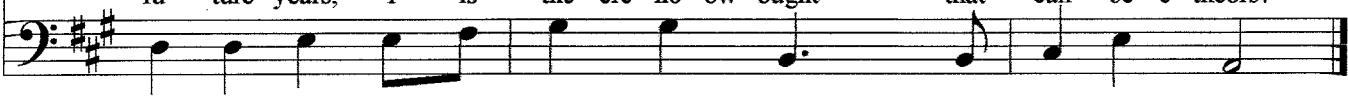

N did all reet, To - o heat wor hyems and in - dus - try,
 for ye see But yer time is up, yor and yor ob - so - lete!"
 fu - ture years, They'd been there there now ought that can be me theors?

N did all reet, To - o heat wor is hye - ems and in - dus - try
 for ye see They'd been there there that u - up, yor ob - so - lete!"
 fu - ture years, I - is there now ou - ought that can be me theors?

N did all reet, To - o hea - cat wo - or hyems and in - du - us - try -
 for ye see But yer ti - me i - is up, yor ob - so - o - lete!"
 fu - ture years, They'd been the - ere tha - at lang theor part o - of me
 I - is the - ere no - ow ought that can be - e theors?

N did all reet, To - o heat wor hyems and in - dus - try
 for ye see But yer time is up, yor ob - so - lete!"
 fu - ture years, They'd been there there now ought that can be theors?
